

Gladstone Regional Council and The Early Warning Network  
**REGISTRATION FORM**

The Gladstone Regional Council has teamed up with the Early Warning Network (EWN) to provide residents of the Gladstone Region access to an alerting system for severe weather. It uses publicly available information to provide subscribers with alerts relevant to a chosen location.

Alerts will come predominately by email and sms. Residents are encouraged to join and in doing so become better prepared.

**This form is to be completed where the resident does not have access to email.**
