

**GLADSTONE**  
REGIONAL COUNCIL

## **PARKING LIMITATIONS GLADSTONE AQUATIC CENTRE**

Council advises that some car park spaces adjacent to the Gladstone Aquatic Centre will be unavailable for public use from 10am until 1pm on Thursday, 14 June to accommodate the need for a crane to assist with the installation of a new filtration system for the Sister Kenny Memorial indoor heated pool. Adequate parking is available at the northern end of the carpark, near the Gladstone Tennis and Squash Association facilities. Council apologises for any inconvenience caused while the essential pool filtration system is being installed and thanks pool users and the community for their patience while the operation is in place. For more information phone Council on 4970 0700.
