

Gladstone Region Sport and Recreation Sporting Clubs/Organisations

Council recognises that all clubs are important for our community, its health and wellbeing and are a great environment for people to start playing sport regularly.

However, Council acknowledges that there can be challenges; whether it is a decline in membership numbers or recruiting enough volunteers to keep the club going.

To assist Council, so that we can assist you, we have launched a short census to find out more about the issues that are currently affecting the health of our community sport and recreation clubs in the Gladstone Region - from how many members you have, to what facilities you may need in the future.

Council is seeking a snap shot of our community sporting landscape so we can provide the best information, service and guidance and to develop resources tailored to the needs of people running community sport.

Please be as detailed and accurate as you can and consult as many committee members as possible in formulating your responses.

1. Club Information

- (a). Name of club / association _____
- (b). Sport / activity _____
- (c). Home ground address _____
- (d). Postal address _____
- (e). AGM date _____
- (f). ABN _____
