Introduction
The 2017-19 Works for Queensland (W4Q) program is a $200 million over two years Queensland Government funding program to support local governments outside of the South East Queensland to undertake job-creating maintenance and minor infrastructure works.

This initiative is delivered by the Department of Infrastructure, Local Government and Planning.

Objective
The objective of the 2017-19 W4Q program is to support job-creating maintenance and minor infrastructure works relating to assets owned or controlled by eligible applicants.

Eligible applicants
Eligible applicants are local government bodies constituted under the Local Government Act 2009 that are outside of South East Queensland. The eligible applicants are listed in appendix 1.

Eligible projects
To be considered under the program, projects need to create, support or sustain jobs in a local community or across a region. For example, this could mean new jobs created to deliver on commitments, sustaining jobs that might otherwise have been lost, or jobs relating to an existing work program that can be expanded.

Projects must be delivered by 30 June 2019.

Eligible projects are those that:

- improve the condition (maintenance), quality or lifespan of a local government-owned capital asset such as, but not limited to, footpaths, kerb and channel works, roads, car parks, sewer, water and stormwater systems and networks, shade structures, playgrounds, community and sport facilities, halls, swimming pools and water play infrastructure;
- are new maintenance or minor infrastructure works for disaster resilience and preparedness such as works that protect existing essential public infrastructure and/or build resilience to future natural disaster events;
- are not already proposed for funding in the applicant’s 2017–18 and 2018-19 budgets;
- are new minor infrastructure works that meet the required timeframe and program objectives;
- clearly demonstrate they will create or sustain jobs.

An enhanced scope for existing maintenance projects that are already underway may also be considered under the program.

Ineligible projects
Ineligible projects under the 2017-19 W4Q include, but are not limited to:

- purchase of an asset or works to an asset that will not be owned and/or controlled by the applicant
- purchase or leasing of plant, vehicles and equipment
- purchase of land (e.g. land buy-back schemes)
- works constructed on land not owned or controlled by the applicant, except where it has permission to construct on Queensland Government-owned land
- works requiring complex development applications
- works involving planning and design only
- works that cannot be delivered by the 30 June 2019 deadline
• projects within South East Queensland.

Funding Deed of Agreement

Council’s approved funding under the 2017-19 W4Q programs are required to adhere to all conditions contained in its signed Funding Deed of Agreement between the Department of Infrastructure, Local Government and Planning and itself.

Formal Advice of Funding Approval

Councils who have approved funding under the 2017-19 W4Q programs will receive a ‘Formal Advice of Funding Approval’. [i.e. letter from the Minister] This documentation will provide the amount of approved funding allocation the council is to receive under the 2017-19 W4Q funding rounds.

Funding allocation

The allocation will comprise $1,000,000 plus an amount that reflects unemployment levels in the region relevant to the applicant. The funding provided by the Queensland Government will be capped and advised to each recipient.

Local governments are expected to cost projects accurately and may choose to contribute to the projects but are not obligated. Local governments can include additional or complementary funding if available. Application to the program will require appropriate sign-off that projects can meet nominated timelines and are in accordance with the W4Q Guidelines and the Funding Deed of Agreement.

The allocation will be disbursed on the following basis:

• 50 per cent upon endorsement of the projects by the department.
• A further 40 per cent upon the applicant expending 50 per cent of allocation.
• A final 10 per cent upon finalisation/acquittal, as per the Funding Deed of Agreement, of all projects.

Applicants should ensure that in delivery normal procurement and value for money practices apply.

Applicants will be required to report monthly on all endorsed projects, including delivery risks and information on project completion.

Acquittal will involve an applicant completing a certification form verifying it has expended the allocated funds in accordance with the 2017-19 W4Q Guidelines and the Funding Deed of Agreement, including validation of jobs sustained or created.

As per clause 4.2.2 of the Funding Deed of Agreement, the applicant may be required to return unspent funding.

The Minister has discretion in funding decisions and is under no obligation to consider applications made after the program has closed.

Signage for approved projects

As per clause 6.1 of the Funding Deed of Agreement, the applicant must adhere to the Acknowledgement Guidelines issued by the department to recognise Queensland Government funding and the W4Q program in all media and other communications.
