Plenty to do in the Gladstone Region this weekend

With the school holidays nearing an end, it's time to soak up the rest of the SUNfest fun over the next six days across the Gladstone Region.

Gladstone Region Mayor Matt Burnett encouraged community members to head along to the free family activities available within the region.

"These events are a great way to get the family out of the house and experience something different," Councillor Burnett said.

"This weekend isn't the end of the SUNfest activities though, with plenty more to do next week, so I encourage families to jump on the website and check it out."

Free community events taking place this weekend:

- Mural Art at the Agnes Water Library – **Friday 18 – Sunday 20 January**
- Roller Disco at PCYC – **Friday 18 January**
- Skate Park Fun – Calliope Skatepark – **Saturday 19 January**
- Dive in Movie Night – Mount Larcom Swimming Pool - **Saturday 19 January**

More information about these events and the ones taking place next week can be found via the digital [brochure](#).
