Community called to help re-vamp Mount Larcom RTC

Gladstone Regional Council is calling on the community to aid in the re-vamp of the Mount Larcom Rural Transaction Centre.

Coinciding with the centres 15th birthday, a morning tea and open discussion will be held on Wednesday 30 January 2019.

Gladstone Region Mayor Matt Burnett said the day is open to all members of the community to come in and chat with the Mount Larcom RTC team and Gladstone Region Councillors about the future direction of the centre.

“The Mount Larcom RTC is an extremely valued resource for the community of Mount Larcom,” Councillor Burnett said.

“When it first opened, the RTC operated from one counter and acted as Australia Post, Council and Library services.”

Councillor Peter Masters said the day also coincides with the RTC’s 15th birthday.

“Council is dedicated to ensuring the Mount Larcom RTC continues to provide the valued services the community need and depend on, into the future,” Councillor Masters said.

“Through community consultation, we want to give the centre a revamp to ensure the community is receiving what they require.”

Council invite the community to come along and join us for morning tea and a chat.

Councillors Glenn Churchill and Natalia Muszkat will also be in attendance.

For those community members who are unable to attend, an online survey form can be found [here](#).
