Gladstone Region to showcase on *Sunrise*

Contact your friends and family around Australia and tell them to tune into Seven tomorrow morning (Tuesday 5 March) as the Gladstone Region welcomes *Sunrise's* Sam Mac.

Residents can catch a glimpse of roving weather man, Sam, and his crew broadcasting live from Gladstone's Auckland Hill Lookout tomorrow from 4.30am to 7.30am.

Gladstone Region Mayor Matt Burnett encouraged all members of the community to come along, say hello to Sam and help showcase the beautiful Gladstone Region.

"There has been a great public response since the Sunrise team announced they were coming to Gladstone," Cr Burnett said.

"We also have some very exciting news we will be sharing, so it's great to share this with not only our region, but the nation.

"I'll be there bright and early and look forward to seeing many community members there also."
