

Deleted Environmentally Relevant Activities (effective 31 March 2013)

A licence will no longer be required for the deleted ERA's or ERA thresholds listed below.

Environmentally Relevant Activity (ERA) Name	ERA Threshold	Example Business	Regulated By
ERA 2 - Intensive animal feedlotting	1a - keeping 50-150 standard cattle units in a feedlot	Small cattle feedlots	Department of Agriculture, Fisheries and Forestry
ERA 2 - Intensive animal feedlotting	2a - keeping 350-1000 standard sheep units in a feedlot	Small cattle feedlots	Department of Agriculture, Fisheries and Forestry
ERA 3 - Pig keeping	1 - keeping 21-400 standard pig units	Small piggeries	Department of Agriculture, Fisheries and Forestry
ERA6 - Asphalt manufacturing	a - manufacturing of asphalt in a year <1000 tonnes	Small asphalt manufactures	Local Government
ERA 8 - Chemical Storage	3a - storing of 10m ³ to 500m ³ of chemicals of class C1 and C2 combustible liquids under AS 1940 or dangerous goods class 3.	Small petrol stations, small fuel depots	Local Government
ERA 16 - Extractive and screening activities	2a - extracting (other than dredging) less than 5000 tonnes of material in a year if the material is extracted from a wild river area. 2A - screening 50 tonnes to less than 5000 tonnes of material in a wild river area in a year	Small quarries near declared wild rivers areas.	Department of Environment and Heritage Protection
ERA 17 - Abrasive Blasting		Commercial operators who use abrasive blasting to clean surfaces (Inc. mobile and temporary)	Local Government
ERA 18 - Boilermaking or engineering	a - Producing 200 tonnes to 10,000 tonnes of metal product in a year. b - Producing more than 10,000 tonnes of metal product in a year.	Welders, steel workers	Local Government
ERA 21 - Motor vehicle workshop operation		Motor vehicle repair shops including spray painting and body panel work, garages, spray painters.	Local Government

ERA 34 - Mushroom growing substrate manufacture		Manufactures of compost for mushroom growing	Department of Environment and Heritage Protection
ERA37 - Printing	a - Printing 200 tonnes to 1000 tonnes of metal product in a year. b - Printing more than 1000 tonnes of metal product in a year.	Commercial printers	Local Government
ERA 38 - Surface coating	2a - coating, painting or powder coating using 1 to 100 tonnes of surface coating material in a year.	Powder coating businesses, including spray painting of cabinets.	Local Government
ERA 43 - Concrete batching		Concrete batching plants	Local Government
ERA 48 - Wooden and laminated product manufacturing	1 - manufacturing more than 100 tonnes of wooden products in a year	Cabinet makers, joiners	Local Government
ERA 54 - Drum and container reconditioning		Drum and container reconditioners	Department of Environment and Heritage Protection
ERA 56 - Regulated waste storage	1 - receiving and storing 5 tonnes or more, or 500 or more equivalent passenger units, of tyres or parts of tyres	Tyre depots	Department of Environment and Heritage Protection
ERA 63 - Sewage treatment	1 - Operating no-release works with a total daily peak design capacity of at least 21 equivalent persons.	Self-contained, no release plants where trucks are used to collect both treated effluent and bio solids	Department of Environment and Heritage Protection
