When assessing against this guideline, applications will be scored on their ability to demonstrate alignment to the following six (6) key selection objectives. It is recommended that you provide a response to each objective to ensure your application is assessed on the highest score possible.

Applications should demonstrate alignment to the chosen fund objective and are assessed on the below criteria. Each key selection criteria (KSC) is weighted based on its importance and relevance:

The total value determined by the assessment panel is calculated into a percentage (score).
