PROJECT UPDATE NO.3

Proposed Boyne Tannum Aquatic Recreation Centre

Following on from the previous project update on 5 June 2019, the proposed Boyne Tannum Aquatic Recreation Centre project has progressed into site finalisation.

Council officers are currently undertaking further site analysis in order to determine the most appropriate site, as well as considering community feedback. Specific timeframes for completion of this component are yet to be finalised.

For the latest information relating to this proposed development, visit Council's website www.gladstone.qld.gov.au/btarc
