Dates set for reopening of Gladstone Aquatic Centre and Mount Larcom swimming pool

Gladstone Regional Council (GRC) is pleased to advise the Gladstone Aquatic Centre will reopen from Friday 17 July.

Both Council facilities, operated by BlueFit Group, were closed in March as a proactive measure against the ongoing Novel Coronavirus (COVID-19) health emergency.

The Mount Larcom swimming pool will reopen on 19 September, the first day of the September school holidays.

Council thanks residents and BlueFit Group for their ongoing patience while these facilities have been closed and looks forward to seeing these valued community assets in use once again.
