Boyne Island Aquatic Centre Support Form

Gladstone Regional Council
PO Box 29
Gladstone QLD 4680
Attention: Assessment manager
Via shaunte.farrington@gladstone.qld.gov.au, info@gladstone.qld.gov.au.

Dear Shaunte,

RE: LETTER OF SUPPORT REGARDING DEVELOPMENT APPLICATION SEEKING APPROVAL FOR DEVELOPMENT PERMITS FOR A MATERIAL CHANGE OF USE FOR OUTDOOR SPORT AND RECREATION (AQUATIC CENTRE), INDOOR SPORT AND RECREATION (GYM), AND FOOD AND DRINK OUTLET (CAFÉ); AND DEVELOPMENT PERMIT FOR RECONFIGURING A LOT FOR A BOUNDARY REALIGNMENT AND ACCESS EASEMENTS – LOT 1 & 5 HAMPTON DRIVE, BOYNE ISLAND QLD 4680 – LOT 1RP619033 & LOT 5 RP620667 (DA/24/2021)

I write with respect to the above-mentioned development application. I support this development based on the following grounds and implore Council to grant an approval:

The proposed Aquatic and Community Recreation Centre will contribute to and enhance the function of the existing Centre Precinct of Boyne Island.

The proposed Aquatic Centre promotes community spirit and contributes needed social infrastructure.

Encourages a safe, healthy and active lifestyle for all ages.

The proposed location is strategically positioned within close proximity to retail stores, supermarket, health services, transport and education facilities.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Choose your own reason why Council should approve this Development Application?

Swimming in the river itself is not safe with stonefish & other dangers, tides & currents.
A township of this size deserves a swimming pool.

Choose your own reason why Council should approve this Development Application?

The region needs to continue to evolve and be appealing for young families . It can't just be a sleepy old coastal town forever . Let's get with the times and make it a tourism hotspot

Dear Shaunte,

RE: LETTER OF SUPPORT REGARDING DEVELOPMENT APPLICATION SEEKING APPROVAL FOR DEVELOPMENT PERMITS FOR A MATERIAL CHANGE OF USE FOR OUTDOOR SPORT AND RECREATION (AQUATIC CENTRE), INDOOR SPORT AND RECREATION (GYM), AND FOOD AND DRINK OUTLET (CAFÉ); AND DEVELOPMENT PERMIT FOR RECONFIGURING A LOT FOR A BOUNDARY REALIGNMENT AND ACCESS EASEMENTS – LOT 1 & 5 HAMPTON DRIVE, BOYNE ISLAND QLD 4680 – LOT 1RP619033 & LOT 5 RP620667 (DA/24/2021)

I write with respect to the above-mentioned development application. I support this development based on the following grounds and implore Council to grant an approval:

The proposed Aquatic and Community Recreation Centre will contribute to and enhance the function of the existing Centre Precinct of Boyne Island.

The proposed Aquatic Centre promotes community spirit and contributes needed social infrastructure.

Encourages a safe, healthy and active lifestyle for all ages.

The proposed location is strategically positioned within close proximity to retail stores, supermarket, health services, transport and education facilities.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Choose your own reason why Council should approve this Development Application?

This is a critical project for the Boyne Tannum Region.

Continued fitness for all ages- swimming is a great all round activity. It is also a basic necessity for all children to learn to swim especially when we have a river and beach so close by. Many people do not feel safe swimming in open water at the beach but would enjoy and commit to regular exercise and rehab at a local facility instead of driving into Gladstone. Every country town you drive through has a local pool. This needs to happen.

The proposed location is strategically positioned within close proximity to retail stores, supermarket, health services, transport and education facilities.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing

Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Boyne Island Aquatic Centre Support Form

Gladstone Regional Council
PO Box 29
Gladstone QLD 4680
Attention: Assessment manager
Via shaunte.farrington@gladstone.qld.gov.au, info@gladstone.qld.gov.au.

Dear Shaunte,

RE: LETTER OF SUPPORT REGARDING DEVELOPMENT APPLICATION SEEKING APPROVAL FOR DEVELOPMENT PERMITS FOR A MATERIAL CHANGE OF USE FOR OUTDOOR SPORT AND RECREATION (AQUATIC CENTRE), INDOOR SPORT AND RECREATION (GYM), AND FOOD AND DRINK OUTLET (CAFÉ); AND DEVELOPMENT PERMIT FOR RECONFIGURING A LOT FOR A BOUNDARY REALIGNMENT AND ACCESS EASEMENTS – LOT 1 & 5 HAMPTON DRIVE, BOYNE ISLAND QLD 4680 – LOT 1RP619033 & LOT 5 RP620667 (DA/24/2021)

I write with respect to the above-mentioned development application. I support this development based on the following grounds and implore Council to grant an approval:

The proposed Aquatic and Community Recreation Centre will contribute to and enhance the function of the existing Centre Precinct of Boyne Island.

The proposed Aquatic Centre promotes community spirit and contributes needed social infrastructure.

Encourages a safe, healthy and active lifestyle for all ages.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing

Town Centre.

Our family has recently moved to Gladstone from Adelaide and I've met many families who have moved since. This idea is perfect for a growing place with so many families. It is a safe place for young children up to teenagers which is a definite need here.

I believe this is a much needed development for Boyne Island and Tannum Sands. We have been waiting so long for this development for an Aquatic and Community Recreational Centre to finally happen. The economic opportunities for all the township people alone would be so beneficial and and will get full use by all local sporting clubs. I believe it would be an enormous added attraction for tourist coming into our beautiful area to enjoy. Boyne Island Tannum Sands community are in need of this Development and I'm praying for Council approval for this Development Application to be accepted.

Yours Sincerely
Catherine Cornwell

As a former resident of Tannum Sands and current investment property owner in This location and Gladstone I can only implore you to back this submission and make this long needed project to proceed. Tannum Sands has been vying for this project for far too long. The residents and community should now be rewarded for their diligence and patience in not loosing sight of the vision and now making it a reality. The benefits of a project of this magnitude are endless now and into the future for the region economically and for the communities health and well being. It will provide the Tannum Boyne community the draw card that has been long needed to showcase the area and potential investors like myself to stay because of what the area can provide now and into the future. Queensland is welcoming new residents at a rate that is unprecedented, let's give them reason to relocate in this region!

I've lived in a country NSW town where a similar development was approved; and back then I worked in realestate so I seen first hand the value a facility like this brings to a town. I feel this is very much needed here and will be an absolute asset to our community.

The proposed Aquatic and Community Recreation Centre will contribute to and enhance the function of the existing Centre Precinct of Boyne Island.

The proposed Aquatic Centre promotes community spirit and contributes needed social infrastructure.

Encourages a safe, healthy and active lifestyle for all ages.

The proposed location is strategically positioned within close proximity to retail stores, supermarket, health services, transport and education facilities.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Choose your own reason why Council should approve this Development Application?

It is fantastic development of local infrastructure to support a growing community!

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining

centre.

Choose your own reason why Council should approve this Development Application?

I believe that having this Aquatic Centre would be highly beneficial for our small community. The current parks available for parents and children have remained the same for years, these parks are old. Our children deserve a new, updated park. And what would be better than a water park? Being able to walk to this Aquatic centre would save the drive to Gladstone. Having 3 children of my own, I know the convenience of being able to avoid driving to town, and back. Our oldest daughter is currently enrolled in Bullets swim school, and unfortunately we are unable to practice swimming outside of these lessons due to having no local pool. The approval of this aquatic centre would be so appreciated from all.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Choose your own reason why Council should approve this Development Application?

Boyne Tannum has probably the highest council rates of CQ, without any council development or facilities at the esplanade that even comes close to its counterparts in Yeppoon, Rocky, Bagara, Hervey Bay etc. We only have paths put in during the MILLENNIUM and council/rate payers pay for regular maintenance of these. Yeppoon, Rocky, Hervey Bay, Bagara all have better waterpark and park facilities yet they don't even have the MILLIONS that is being put into their region's council pockets EVERY YEAR by GLADSTONE INDUSTRY. Particularly given one of the largest and longest established (Boyne Smelter) is in the preposed area and would have already paid for this development in its taxes, yet the council has spent all this elsewhere. This development needs to not only be approved but be funded through existing council funds and not increase rates or ask for additional funds elsewhere, the council needs to take ownership for its long-standing undercommitment to the Boyne Tannum region by making this happen now.

I write with respect to the above-mentioned development application. I support this development based on the following grounds and implore Council to grant an approval:

The proposed Aquatic and Community Recreation Centre will contribute to and enhance the function of the existing Centre Precinct of Boyne Island.

The proposed Aquatic Centre promotes community spirit and contributes needed social infrastructure.

Encourages a safe, healthy and active lifestyle for all ages.

The proposed location is strategically positioned within close proximity to retail stores, supermarket, health services, transport and education facilities.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

The Boyne / Tannum area has a large group of triathletes and swimmers, recreational and competitive. The addition of this aquatic facility will become a training ground for all of these associated groups and clubs. With this new, local, pool for training, it will attract more people to the sports, young and old.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Boyne Island Aquatic Centre Support Form

Gladstone Regional Council
PO Box 29
Gladstone QLD 4680
Attention: Assessment manager
Via shaunte.farrington@gladstone.qld.gov.au, info@gladstone.qld.gov.au.

Dear Shaunte,

RE: LETTER OF SUPPORT REGARDING DEVELOPMENT APPLICATION SEEKING APPROVAL FOR DEVELOPMENT PERMITS FOR A MATERIAL CHANGE OF USE FOR OUTDOOR SPORT AND RECREATION (AQUATIC CENTRE), INDOOR SPORT AND RECREATION (GYM), AND FOOD AND DRINK OUTLET (CAFÉ); AND DEVELOPMENT PERMIT FOR RECONFIGURING A LOT FOR A BOUNDARY REALIGNMENT AND ACCESS EASEMENTS – LOT 1 & 5 HAMPTON DRIVE, BOYNE ISLAND QLD 4680 – LOT 1RP619033 & LOT 5 RP620667 (DA/24/2021)

I write with respect to the above-mentioned development application. I support this development based on the following grounds and implore Council to grant an approval:

The proposed Aquatic and Community Recreation Centre will contribute to and enhance the function of the existing Centre Precinct of Boyne Island.

The proposed Aquatic Centre promotes community spirit and contributes needed social infrastructure.

Encourages a safe, healthy and active lifestyle for all ages.

The proposed location is strategically positioned within close proximity to retail stores, supermarket, health services, transport and education facilities.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Choose your own reason why Council should approve this Development Application?

The development of this site as an aquatic centre would be a welcome addition to our community facilities. It gives another boost to our growing tourism industry and offers children and adults alike, a safe place for exercise and recreation. I fully support this proposal.

Choose your own reason why Council should approve this Development Application?

It's in a better location than the proposed site back in 2019.
Council has already wasted so much money getting proposal they should just treasure it over to the Zen Group so our Rates don't rise because of the council pool

I like the fact the development is in an area which is already a commercial centre and requires no cutting down of existing trees! It would be a great addition to the area and in the location the developer has chosen would be a great impression for people arriving into BITS! The future of the development will assist in the growth of our seaside town!

Boyne Island Aquatic Centre Support Form

Gladstone Regional Council
PO Box 29
Gladstone QLD 4680
Attention: Assessment manager
Via shaunte.farrington@gladstone.qld.gov.au, info@gladstone.qld.gov.au.

Dear Shaunte,

RE: LETTER OF SUPPORT REGARDING DEVELOPMENT APPLICATION SEEKING APPROVAL FOR DEVELOPMENT PERMITS FOR A MATERIAL CHANGE OF USE FOR OUTDOOR SPORT AND RECREATION (AQUATIC CENTRE), INDOOR SPORT AND RECREATION (GYM), AND FOOD AND DRINK OUTLET (CAFÉ); AND DEVELOPMENT PERMIT FOR RECONFIGURING A LOT FOR A BOUNDARY REALIGNMENT AND ACCESS EASEMENTS – LOT 1 & 5 HAMPTON DRIVE, BOYNE ISLAND QLD 4680 – LOT 1RP619033 & LOT 5 RP620667 (DA/24/2021)

I write with respect to the above-mentioned development application. I support this development based on the following grounds and implore Council to grant an approval:

The proposed Aquatic and Community Recreation Centre will contribute to and enhance the function of the existing Centre Precinct of Boyne Island.

The proposed Aquatic Centre promotes community spirit and contributes needed social infrastructure.

Encourages a safe, healthy and active lifestyle for all ages.

The proposed location is strategically positioned within close proximity to retail stores, supermarket, health services, transport and education facilities.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Choose your own reason why Council should approve this Development Application?

As soon as the aquatic centre is approved by Council the development application for the accompanying motel and bistro needs to be approved; because Boyne Tannum Community Groups are waiting to operate this complex to further contribute financially to the community. EG: Rocky Sports Club, Waves in Bundaberg are successful operating models this community engagement, effort and reward is based on.

In addition, this ZenDev development will be the first tourism attraction in Boyne Tannum. Council should not stand in the way of what the Boyne Tannum community wants. Council needs to follow the development applications approval process.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Choose your own reason why Council should approve this Development Application?

It is desperately needed as the region is expanding and Boyne Tannum is a community that deserves its own amenities. It is also desperately needed for NDIS funded residents who have to pay \$100 in round trips to visit Gladstone aquatic centre for therapy, and there is no where else to go locally for hydrotherapy when the Gladstone pool is unavailable.

I urge council to approve,

We visit regularly to see family and friends and this would be a fantastic place to bring our children and would visit alot more regularly bringing friends n family as far as blackwater, rockhampton, bundaberg and Gladstone having a fun meeting place that is easily accessible would be a big attribute to bringing money to the tow. As we look at relocating in the future this would be decision maker pending children/families having more things to do.

We can't always access the beach having some family members with mobility challenges amputees/ aging challenges. We can visit without having to leave family behind.

Boyne Island Aquatic Centre Support Form

Gladstone Regional Council
PO Box 29
Gladstone QLD 4680
Attention: Assessment manager
Via shaunte.farrington@gladstone.qld.gov.au, info@gladstone.qld.gov.au.

Dear Shaunte,

RE: LETTER OF SUPPORT REGARDING DEVELOPMENT APPLICATION SEEKING APPROVAL FOR DEVELOPMENT PERMITS FOR A MATERIAL CHANGE OF USE FOR OUTDOOR SPORT AND RECREATION (AQUATIC CENTRE), INDOOR SPORT AND RECREATION (GYM), AND FOOD AND DRINK OUTLET (CAFÉ); AND DEVELOPMENT PERMIT FOR RECONFIGURING A LOT FOR A BOUNDARY REALIGNMENT AND ACCESS EASEMENTS – LOT 1 & 5 HAMPTON DRIVE, BOYNE ISLAND QLD 4680 – LOT 1RP619033 & LOT 5 RP620667 (DA/24/2021)

I write with respect to the above-mentioned development application. I support this development based on the following grounds and implore Council to grant an approval:

The proposed Aquatic and Community Recreation Centre will contribute to and enhance the function of the existing Centre Precinct of Boyne Island.

The proposed Aquatic Centre promotes community spirit and contributes needed social infrastructure.

Encourages a safe, healthy and active lifestyle for all ages.

The proposed location is strategically positioned within close proximity to retail stores, supermarket, health services, transport and education facilities.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Choose your own reason why Council should approve this Development Application?

Access to water activities in boyne tannum for those with a disability.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Choose your own reason why Council should approve this Development Application?

This beautiful town deserves it.

Many people have become rich from Boyne/Tannum and not much has been given back to this wonderful community.

Something like this would also bring more tourism to the area.

Perfect addition to the boating/fishing lifestyle.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining

centre.

Choose your own reason why Council should approve this Development Application?

I am a health care provider in our community and I regularly see patients who require a non weight bearing form of exercise but struggle to access the Gladstone pool. A local pool will improve health outcomes across all ages in Boyne Tannum.

As a business owner, I believe that it would benefit our local economy greatly.

Side note- i am concerned about the large number of marina berths and how this would affect the river ecosystems and hope this is addressed responsibly.

Boyne Island Aquatic Centre Support Form

Gladstone Regional Council
PO Box 29
Gladstone QLD 4680
Attention: Assessment manager
Via shaunte.farrington@gladstone.qld.gov.au, info@gladstone.qld.gov.au.

Dear Shaunte,

RE: LETTER OF SUPPORT REGARDING DEVELOPMENT APPLICATION SEEKING APPROVAL FOR DEVELOPMENT PERMITS FOR A MATERIAL CHANGE OF USE FOR OUTDOOR SPORT AND RECREATION (AQUATIC CENTRE), INDOOR SPORT AND RECREATION (GYM), AND FOOD AND DRINK OUTLET (CAFÉ); AND DEVELOPMENT PERMIT FOR RECONFIGURING A LOT FOR A BOUNDARY REALIGNMENT AND ACCESS EASEMENTS – LOT 1 & 5 HAMPTON DRIVE, BOYNE ISLAND QLD 4680 – LOT 1RP619033 & LOT 5 RP620667 (DA/24/2021)

I write with respect to the above-mentioned development application. I support this development based on the following grounds and implore Council to grant an approval:

The proposed Aquatic and Community Recreation Centre will contribute to and enhance the function of the existing Centre Precinct of Boyne Island.

The proposed Aquatic Centre promotes community spirit and contributes needed social infrastructure.

Encourages a safe, healthy and active lifestyle for all ages.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing

Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Choose your own reason why Council should approve this Development Application?

A great asset for the local community and to attract tourism to the area

Choose your own reason why Council should approve this Development Application?

I work at St Francis Catholic Primary School and we need to transport our students to Gladstone every year for swimming lessons and the swimming carnival. This is a huge expense to our families and school. If the development is approved, we could have weekly lessons, more often, improving swimming ability and allowing optimal learning time in class, rather than an hour bus travel to Gladstone and back.

The eyesore of the vacant block where the development is planned for needs to be more attractive. The destroyed bushland was a disgrace.

Boyne-Tannum is a jewel in the Gladstone region and our families deserve a community meeting place, such as this. Thank you.

This would be an amazing space for children and families to go. It will provide a safe place for children to locally do swimming lessons. The Gladstone council has talked about building a pool here themselves for years but never done it. As a family we would use this facility all the time and it would be an amazing asset for the growth of the town.

Dear Shaunte,

RE: LETTER OF SUPPORT REGARDING DEVELOPMENT APPLICATION SEEKING APPROVAL FOR DEVELOPMENT PERMITS FOR A MATERIAL CHANGE OF USE FOR OUTDOOR SPORT AND RECREATION (AQUATIC CENTRE), INDOOR SPORT AND RECREATION (GYM), AND FOOD AND DRINK OUTLET (CAFÉ); AND DEVELOPMENT PERMIT FOR RECONFIGURING A LOT FOR A BOUNDARY REALIGNMENT AND ACCESS EASEMENTS – LOT 1 & 5 HAMPTON DRIVE, BOYNE ISLAND QLD 4680 – LOT 1RP619033 & LOT 5 RP620667 (DA/24/2021)

I write with respect to the above-mentioned development application. I support this development based on the following grounds and implore Council to grant an approval:

The proposed Aquatic and Community Recreation Centre will contribute to and enhance the function of the existing Centre Precinct of Boyne Island.

The proposed Aquatic Centre promotes community spirit and contributes needed social infrastructure.

Encourages a safe, healthy and active lifestyle for all ages.

The proposed location is strategically positioned within close proximity to retail stores, supermarket, health services, transport and education facilities.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Choose your own reason why Council should approve this Development Application?

It would mean that the children of Boyne Tannum no longer have to travel by bus in to Gladstone to undertake basic swimming lessons during school time which more often than not means they spend more time in a bus than in a pool.

It also would bring more tourism, using the Yeppoon lagoon as an example of what this development could do for Boyne Tannum.

It would also mean that the whole community would gain access to a fitness activity that is suitable for all ages from the youngest in our society to the elderly who could remain fitter for longer and potentially lessen demand on health services.

As an educator at St Francis Catholic Primary school, we would be so grateful for a community pool complex that allows our school swimming program to occur efficiently. For over a decade we have travelled by bus at considerable expense to Gladstone ensure our students have access to swimming programmes, an essential element of learning for children growing up in a coastal community. I am so excited for this venture.

Boyne Island Aquatic Centre Support Form

Gladstone Regional Council
PO Box 29
Gladstone QLD 4680
Attention: Assessment manager
Via shaunte.farrington@gladstone.qld.gov.au, info@gladstone.qld.gov.au.

Dear Shaunte,

RE: LETTER OF SUPPORT REGARDING DEVELOPMENT APPLICATION SEEKING APPROVAL FOR DEVELOPMENT PERMITS FOR A MATERIAL CHANGE OF USE FOR OUTDOOR SPORT AND RECREATION (AQUATIC CENTRE), INDOOR SPORT AND RECREATION (GYM), AND FOOD AND DRINK OUTLET (CAFÉ); AND DEVELOPMENT PERMIT FOR RECONFIGURING A LOT FOR A BOUNDARY REALIGNMENT AND ACCESS EASEMENTS – LOT 1 & 5 HAMPTON DRIVE, BOYNE ISLAND QLD 4680 – LOT 1RP619033 & LOT 5 RP620667 (DA/24/2021)

I write with respect to the above-mentioned development application. I support this development based on the following grounds and implore Council to grant an approval:

The proposed Aquatic and Community Recreation Centre will contribute to and enhance the function of the existing Centre Precinct of Boyne Island.

The proposed Aquatic Centre promotes community spirit and contributes needed social infrastructure.

Encourages a safe, healthy and active lifestyle for all ages.

The proposed location is strategically positioned within close proximity to retail stores, supermarket, health services, transport and education facilities.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

The community desperately needs a public pool. No one wants to drive 20mins to Gladstone town pool. Also we need water slides back in our region.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Choose your own reason why Council should approve this Development Application?

We desperately need a public pool here for all to enjoy and promote safety around the waterways in which we live by learning to swim in a safe environment. My family will use these amenities frequently and fully support the development and the positive outcomes it will create.

Boyne Island Aquatic Centre Support Form

Gladstone Regional Council
PO Box 29
Gladstone QLD 4680
Attention: Assessment manager
Via shaunte.farrington@gladstone.qld.gov.au, info@gladstone.qld.gov.au.

Dear Shaunte,

RE: LETTER OF SUPPORT REGARDING DEVELOPMENT APPLICATION SEEKING APPROVAL FOR DEVELOPMENT PERMITS FOR A MATERIAL CHANGE OF USE FOR OUTDOOR SPORT AND RECREATION (AQUATIC CENTRE), INDOOR SPORT AND RECREATION (GYM), AND FOOD AND DRINK OUTLET (CAFÉ); AND DEVELOPMENT PERMIT FOR RECONFIGURING A LOT FOR A BOUNDARY REALIGNMENT AND ACCESS EASEMENTS – LOT 1 & 5 HAMPTON DRIVE, BOYNE ISLAND QLD 4680 – LOT 1RP619033 & LOT 5 RP620667 (DA/24/2021)

I write with respect to the above-mentioned development application. I support this development based on the following grounds and implore Council to grant an approval:

The proposed Aquatic and Community Recreation Centre will contribute to and enhance the function of the existing Centre Precinct of Boyne Island.

The proposed Aquatic Centre promotes community spirit and contributes needed social infrastructure.

Encourages a safe, healthy and active lifestyle for all ages.

The proposed location is strategically positioned within close proximity to retail stores, supermarket, health services, transport and education facilities.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Boyne Island Aquatic Centre Support Form

Gladstone Regional Council
PO Box 29
Gladstone QLD 4680
Attention: Assessment manager
Via shaunte.farrington@gladstone.qld.gov.au, info@gladstone.qld.gov.au.

Dear Shaunte,

RE: LETTER OF SUPPORT REGARDING DEVELOPMENT APPLICATION SEEKING APPROVAL FOR DEVELOPMENT PERMITS FOR A MATERIAL CHANGE OF USE FOR OUTDOOR SPORT AND RECREATION (AQUATIC CENTRE), INDOOR SPORT AND RECREATION (GYM), AND FOOD AND DRINK OUTLET (CAFÉ); AND DEVELOPMENT PERMIT FOR RECONFIGURING A LOT FOR A BOUNDARY REALIGNMENT AND ACCESS EASEMENTS – LOT 1 & 5 HAMPTON DRIVE, BOYNE ISLAND QLD 4680 – LOT 1RP619033 & LOT 5 RP620667 (DA/24/2021)

I write with respect to the above-mentioned development application. I support this development based on the following grounds and implore Council to grant an approval:

The proposed Aquatic and Community Recreation Centre will contribute to and enhance the function of the existing Centre Precinct of Boyne Island.

The proposed Aquatic Centre promotes community spirit and contributes needed social infrastructure.

Encourages a safe, healthy and active lifestyle for all ages.

The proposed location is strategically positioned within close proximity to retail stores, supermarket, health services, transport and education facilities.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Choose your own reason why Council should approve this Development Application?

The aquatic centre would be really beneficial for this community as the only access to a pool is situated in the Tannum Primary School grounds. This pool is not accessible to the public.

I was involved 30 years ago with trying to organise another pool for the community, but without any success.

I believe that the aquatic centre is a priority as the community is expanding and developing.

Boyne Island Aquatic Centre Support Form

Gladstone Regional Council
PO Box 29
Gladstone QLD 4680
Attention: Assessment manager
Via shaunte.farrington@gladstone.qld.gov.au, info@gladstone.qld.gov.au.

Dear Shaunte,

RE: LETTER OF SUPPORT REGARDING DEVELOPMENT APPLICATION SEEKING APPROVAL FOR DEVELOPMENT PERMITS FOR A MATERIAL CHANGE OF USE FOR OUTDOOR SPORT AND RECREATION (AQUATIC CENTRE), INDOOR SPORT AND RECREATION (GYM), AND FOOD AND DRINK OUTLET (CAFÉ); AND DEVELOPMENT PERMIT FOR RECONFIGURING A LOT FOR A BOUNDARY REALIGNMENT AND ACCESS EASEMENTS – LOT 1 & 5 HAMPTON DRIVE, BOYNE ISLAND QLD 4680 – LOT 1RP619033 & LOT 5 RP620667 (DA/24/2021)

I write with respect to the above-mentioned development application. I support this development based on the following grounds and implore Council to grant an approval:

The proposed Aquatic and Community Recreation Centre will contribute to and enhance the function of the existing Centre Precinct of Boyne Island.

The proposed Aquatic Centre promotes community spirit and contributes needed social infrastructure.

Encourages a safe, healthy and active lifestyle for all ages.

The proposed location is strategically positioned within close proximity to retail stores, supermarket, health services, transport and education facilities.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

Boyne Island Aquatic Centre Support Form

Gladstone Regional Council
PO Box 29
Gladstone QLD 4680
Attention: Assessment manager
Via shaunte.farrington@gladstone.qld.gov.au, info@gladstone.qld.gov.au.

Dear Shaunte,

RE: LETTER OF SUPPORT REGARDING DEVELOPMENT APPLICATION SEEKING APPROVAL FOR DEVELOPMENT PERMITS FOR A MATERIAL CHANGE OF USE FOR OUTDOOR SPORT AND RECREATION (AQUATIC CENTRE), INDOOR SPORT AND RECREATION (GYM), AND FOOD AND DRINK OUTLET (CAFÉ); AND DEVELOPMENT PERMIT FOR RECONFIGURING A LOT FOR A BOUNDARY REALIGNMENT AND ACCESS EASEMENTS – LOT 1 & 5 HAMPTON DRIVE, BOYNE ISLAND QLD 4680 – LOT 1RP619033 & LOT 5 RP620667 (DA/24/2021)

I write with respect to the above-mentioned development application. I support this development based on the following grounds and implore Council to grant an approval:

The proposed Aquatic and Community Recreation Centre will contribute to and enhance the function of the existing Centre Precinct of Boyne Island.

The proposed Aquatic Centre promotes community spirit and contributes needed social infrastructure.

Encourages a safe, healthy and active lifestyle for all ages.

The proposed location is strategically positioned within close proximity to retail stores, supermarket, health services, transport and education facilities.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Choose your own reason why Council should approve this Development Application?

The Boyne and Tannum Sands townships is fast becoming a major area of growth, along with the growth in the Benaraby, Bororen and Mariam Vale townships. This development is warranted and will be a major part of facilitating all of the above attributes to society. And with that growth comes and ever increasing economy from both local and tourism engagements. No is the time to have this project actuated, no more stalling, no more wasting monies on pseudo viability studies. It is time to invest and assure that our community has the capability to meet current and future demands, for our social, health and community development needs.

Choose your own reason why Council should approve this Development Application?

It would be a great facility to have for both the locals and tourists that visit the area.

It would be amazing for the local schools who have to travel into town for swimming events or even just learning how to swim, which is part of their curriculum. My child currently only gets 2 lessons in swimming through her school and has to travel to the aquatic centre in Gladstone for them. She then has weekend lessons in Benaraby.

Both myself and other parents recently discussed how beneficial would be for our children.

Bone/Tannum is a beautiful town which attracts friendly, honest and hard working people. However it lacks job opportunities, amenities and a healthy culture. The proposal of an aquatic centre would bring out the best in people and see them working and living again. It might just happen to improve the communities health and well being. Too many people end up moving away as it's stagnated. I would know because I was one of those people that had to leave after high school. When I visit friends and family the town is missing something. Bring Boyne/Tannum back to life with an aquatic centre! I can't wait to take my nieces and nephews to the new pool!!

Residents of the area will be able to send children to local swimming lessons and it will provide social activities for all ages that promote a healthy lifestyle. I personally will use it to swim laps rather than a one hour round trip to Gladstone. It will make Boyne Tannum an even better place to live.

Boyne Island Aquatic Centre Support Form

Gladstone Regional Council
PO Box 29
Gladstone QLD 4680
Attention: Assessment manager
Via shaunte.farrington@gladstone.qld.gov.au, info@gladstone.qld.gov.au.

Dear Shaunte,

RE: LETTER OF SUPPORT REGARDING DEVELOPMENT APPLICATION SEEKING APPROVAL FOR DEVELOPMENT PERMITS FOR A MATERIAL CHANGE OF USE FOR OUTDOOR SPORT AND RECREATION (AQUATIC CENTRE), INDOOR SPORT AND RECREATION (GYM), AND FOOD AND DRINK OUTLET (CAFÉ); AND DEVELOPMENT PERMIT FOR RECONFIGURING A LOT FOR A BOUNDARY REALIGNMENT AND ACCESS EASEMENTS – LOT 1 & 5 HAMPTON DRIVE, BOYNE ISLAND QLD 4680 – LOT 1RP619033 & LOT 5 RP620667 (DA/24/2021)

I write with respect to the above-mentioned development application. I support this development based on the following grounds and implore Council to grant an approval:

The proposed Aquatic and Community Recreation Centre will contribute to and enhance the function of the existing Centre Precinct of Boyne Island.

The proposed Aquatic Centre promotes community spirit and contributes needed social infrastructure.

Encourages a safe, healthy and active lifestyle for all ages.

The proposed location is strategically positioned within close proximity to retail stores, supermarket, health services, transport and education facilities.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Choose your own reason why Council should approve this Development Application?

It will be great for all ages but will benefit the health of the older residents swimming is the best exercise

Kids need more things to do and more jobs in the activity/entertainment industry here
We also need a pool as it is a whole day task for family's with little kids to go into the pool in gladstone.
The gladstone pool seems old and unhygienic we need something more fresh

I am a competitive triathlete and do running and cycling training several times a week in my local area of Boyne / Tannum but lack the opportunity to do swimming training on a regular basis as my only option is driving into town to swim. Due to work and family schedules this is only possible once a week which is not sufficient and leaves me with the only other option of swimming in the ocean at Tannum at hours that are not regarded as safe swimming times.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Choose your own reason why Council should approve this Development Application?

I have a young family and it would be great to have this resource close by

Boyne Island Aquatic Centre Support Form

Gladstone Regional Council
PO Box 29
Gladstone QLD 4680
Attention: Assessment manager
Via shaunte.farrington@gladstone.qld.gov.au, info@gladstone.qld.gov.au.

Dear Shaunte,

RE: LETTER OF SUPPORT REGARDING DEVELOPMENT APPLICATION SEEKING APPROVAL FOR DEVELOPMENT PERMITS FOR A MATERIAL CHANGE OF USE FOR OUTDOOR SPORT AND RECREATION (AQUATIC CENTRE), INDOOR SPORT AND RECREATION (GYM), AND FOOD AND DRINK OUTLET (CAFÉ); AND DEVELOPMENT PERMIT FOR RECONFIGURING A LOT FOR A BOUNDARY REALIGNMENT AND ACCESS EASEMENTS – LOT 1 & 5 HAMPTON DRIVE, BOYNE ISLAND QLD 4680 – LOT 1RP619033 & LOT 5 RP620667 (DA/24/2021)

I write with respect to the above-mentioned development application. I support this development based on the following grounds and implore Council to grant an approval:

The proposed Aquatic and Community Recreation Centre will contribute to and enhance the function of the existing Centre Precinct of Boyne Island.

The proposed Aquatic Centre promotes community spirit and contributes needed social infrastructure.

Encourages a safe, healthy and active lifestyle for all ages.

The proposed location is strategically positioned within close proximity to retail stores, supermarket, health services, transport and education facilities.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

Choose your own reason why Council should approve this Development Application?

My kids will love to use the lagoon.

Dear Shaunte,

RE: LETTER OF SUPPORT REGARDING DEVELOPMENT APPLICATION SEEKING APPROVAL FOR DEVELOPMENT PERMITS FOR A MATERIAL CHANGE OF USE FOR OUTDOOR SPORT AND RECREATION (AQUATIC CENTRE), INDOOR SPORT AND RECREATION (GYM), AND FOOD AND DRINK OUTLET (CAFÉ); AND DEVELOPMENT PERMIT FOR RECONFIGURING A LOT FOR A BOUNDARY REALIGNMENT AND ACCESS EASEMENTS – LOT 1 & 5 HAMPTON DRIVE, BOYNE ISLAND QLD 4680 – LOT 1RP619033 & LOT 5 RP620667 (DA/24/2021)

I write with respect to the above-mentioned development application. I support this development based on the following grounds and implore Council to grant an approval:

The proposed Aquatic and Community Recreation Centre will contribute to and enhance the function of the existing Centre Precinct of Boyne Island.

The proposed Aquatic Centre promotes community spirit and contributes needed social infrastructure.

Encourages a safe, healthy and active lifestyle for all ages.

The proposed location is strategically positioned within close proximity to retail stores, supermarket, health services, transport and education facilities.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.

This will aid with people in my condition whose only option for exercise for a healthier life is swimming. Currently I have to drive into town 4 times a week to swim and this is very costly for someone who currently can't work for medical reasons. It will also be great for our local schools so they don't have to drive into town for swimming carnivals every year and the little ones can have a return to the learn to swim programme.

This town needs this, we have a lot of travelers through and everyone I have spoken to has said this town is missing a beautiful place for all to enjoy. Every other coastal town has a spot for people to go and eat, swim enjoy the water view. The local people here want this in Boyne and tannum so we can enjoy with our families and friends and will bring new jobs to the area as well.

I have been a local in the Boyne tannum area for over 30 years. I believe that the area has always been lacking in making use of the Boyne river. This development would be perfect for locals and visitors alike to enjoy our beautiful scenery and bring more business to our local area.

Dear Shaunte,

RE: LETTER OF SUPPORT REGARDING DEVELOPMENT APPLICATION SEEKING APPROVAL FOR DEVELOPMENT PERMITS FOR A MATERIAL CHANGE OF USE FOR OUTDOOR SPORT AND RECREATION (AQUATIC CENTRE), INDOOR SPORT AND RECREATION (GYM), AND FOOD AND DRINK OUTLET (CAFÉ); AND DEVELOPMENT PERMIT FOR RECONFIGURING A LOT FOR A BOUNDARY REALIGNMENT AND ACCESS EASEMENTS – LOT 1 & 5 HAMPTON DRIVE, BOYNE ISLAND QLD 4680 – LOT 1RP619033 & LOT 5 RP620667 (DA/24/2021)

I write with respect to the above-mentioned development application. I support this development based on the following grounds and implore Council to grant an approval:

The proposed Aquatic and Community Recreation Centre will contribute to and enhance the function of the existing Centre Precinct of Boyne Island.

The proposed Aquatic Centre promotes community spirit and contributes needed social infrastructure.

Encourages a safe, healthy and active lifestyle for all ages.

The proposed location is strategically positioned within close proximity to retail stores, supermarket, health services, transport and education facilities.

Possible future river activation with the potential to create local adventure tourism industry.

The proposed Aquatic Centre will provide outdoor sport and recreation activities to meet the needs of the Boyne Island community.

The development will support the delivery of a mixed-use Town Centre that is a social and economic focal point for the community.

The proposed application intends to develop a long-standing underutilized riverfront site and provide a facility that complements the existing uses within the Town Centre.

The establishment of the Aquatic Centre, and additional stages of the Masterplan, will have a myriad of flow-on economic opportunities that will benefit the existing Town Centre.

Great vehicle, pedestrian and cyclist access will be provided within the site, and to the river and adjoining centre.
