### Site Location Details

Name of Road and Locality the Gate/Grid is located on:

Road \*Chainage where the structure is located:

The chainage measurement starting point was:

Road

\* The term 'chainage' is used in surveying to refer to a distance along a line, such as the centre line of a road. The chainage measurement should commence at the road entry and nominate the connecting road from which the measurement commenced (i.e., the road entered from).  
EXAMPLE: A grid located 2.5 kms along Tableland Road from its intersection with Gladstone Monto Road would nominate the chainage as 2.5 with the Chainage Starting Point being Gladstone Monto Road.

### Definitions

**Accompanying Gate** - A gate installed in the fence adjoining a grid to facilitate the movement of stock, machinery, or traffic around a grid in a Formed Maintained Road.

**Formed Maintained Road** - Part of a Maintained Road which is constructed/formed for traffic to drive on (i.e., the bitumen or gravel Road pavement)

**Maintained Road** - A Road or parts of a Road that is included in Council's regular Road Maintenance Program

### Certificate and Agreement by Applicant

Please read and tick boxes 1 & 2 – tick box 3 if you wish to salvage the structure once removed

I/We hereby attest that I/we are the responsible party for this grid or gate and therefore authorised to make this request.

I/We advise that this structure is no longer required and it can be removed from the formed maintained road.

**Tick this box if you would like to salvage the structure after it is removed.** Please note:

- That if you elect to salvage the structure/materials after it is removed, you acknowledge that you will be responsible for the cost of removing it from where it is placed in the road reserve.

- Council cannot guarantee the condition of the structure after it is removed from the formed maintained road. All grids and gates that are not salvaged by landholders will be removed and disposed of by Council as deemed appropriate at Council's sole discretion.
