Enjoy a memorable night of orchestral brilliance at Symphony Under the Stars

Queensland Symphony Orchestra's Symphony Under the Stars returns to Gladstone later this month for another unforgettable night of music on the Marina Stage.

The theme for this year's concert is Cello Dreams, bringing together orchestral classics from the likes of Beethoven, Tchaikovsky and Saint-Saëns.

Gladstone Region Councillor Chris Cameron said the free Symphony Under the Stars concert will reverberate across the Gladstone Ports Corporation's Marina Parklands from 7pm on Friday 27 June.

"Bring your family and friends and be swept away by the magic of Queensland Symphony Orchestra in the heart of Gladstone," Councillor Cameron said.

"Symphony Under the Stars is always a well-attended event and with gates opening at 5.30pm, my advice is to arrive early and secure your spot on the hill.

"Food vendors will be cooking up a feast so please support them, or alternatively, pack a picnic and enjoy another free event in the Gladstone Region.

"This is the 13th Symphony Under the Stars performance in Gladstone and we're looking forward to welcoming conductor Umberto Clerici and the world-class Queensland Symphony Orchestra at the end of the month."

Symphony Under the stars is presented by Australia Pacific LNG operated by ConocoPhillips, in partnership with Queensland Symphony Orchestra, Gladstone Regional Council, and Gladstone Entertainment Convention Centre.
