

Gladstone Region Industry Map

-  Natural deep-water port, one of the largest multi-commodity ports in the world
-  Strategic location in proximity to considerable natural resources across Central Queensland and the Surat Basin
-  Existing heavy industry and supporting infrastructure including highest concentration of Rio Tinto assets
-  Industrial land in the Gladstone State Development Area and Strategic Port Land adjacent to existing enabling infrastructure
-  Pivotal to the Queensland Regional Energy Hubs
-  Strong supply chains to support industry and a highly skilled workforce
-  Locally based construction capacity to deliver major projects
-  World class tourism destinations on the Southern Great Barrier Reef
